### About the Ménière's Society

The Ménière's Society is the only registered charity in the UK dedicated solely to supporting people with vestibular disorders causing dizziness and imbalance. The Society provides information to patients and those who care for them, health professionals and the general public. Members are from all over the UK, with a small number overseas. The Society is staffed by a small team, overseen by a board of trustees. With over 30 years' experience providing information to those affected by vestibular disorders, the Ménière's Society helps people source specialists in their local area, publishes a magazine, Spin, three times a year, and produces factsheets on a variety of subjects (e.g. driving, surgery and vestibular rehabilitation). The Society also provides a friendly, confidential telephone information line during working hours. Peer support is also encouraged. Visit our website for more details [www.menieres.org.uk](http://www.menieres.org.uk)
