

Are you a Ménière's or Vestibular Schwannoma patient?

We are developing a new balance test and need your opinion!

- Would you like to share your views and experiences on current balance tests?
- Feedback on our study and protocol design?

Get in touch to discuss taking part in an in-person discussion group meeting, including a lab tour to see first-hand what the new test is. We will give you a £25 Amazon voucher + travelling and lunch will be paid for.

(Focus group meeting to be arranged with the participants, at the University Birmingham)
